## THE NEXT CHAPTER

### AUSTIN TAYLOR

Austin Taylor, from Atlanta, GA, will be “right in the neighborhood” at Villanova University this fall, where he will pursue his interests in Japanese and psychology.

At Senior Awards Night, Austin was honored with the following awards: The Class of 2001 Spirit of Radnor Award, the Radnor Actors’ Workshop Award, and a Cresson Scholarship, recognizing qualities of citizenship, academic achievement, character, and activity in its recipients.

During his four years at RHS, Austin participated in football, wrestling, rugby, theatre, and cheerleading. He also choreographed and led the senior boys in the LM Pep rally. He is excited to be part of the Villanova cheerleading team and practices will start this summer. Go Wildcats!

### JORDAN COLEMAN

Jordan Coleman, who came to Radnor ABC from the Mt. Airy section of Philadelphia, will be headed to University of Pittsburgh in the fall. He plans to study computer science and business.

At Radnor, Jordan was active in extracurricular activities such as wrestling, chess club, and basketball club, which he created and organized.

Jordan can’t wait for the next phase of his life and education. Radnor ABC wishes him all the best!
