

# ALUMNI SPOTLIGHT

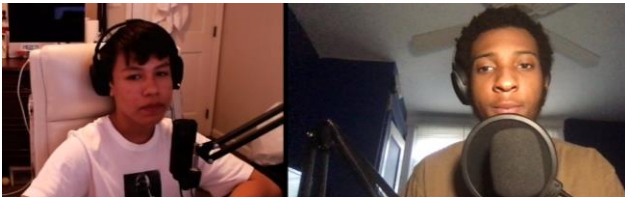

## Anthony Odum, RHS Class of 2018

3<sup>rd</sup> year Cyber Security Major at Hampton University  
Originally from Philadelphia, PA

Virtual Interview by Noel Maldonado  
Radnor ABC Scholar, RHS Class of 2024

### Noel: How did you connect with everyone in the House?

**Anthony:** *I connected with everybody because I was living with them for an extremely long time. These are your housemates for an entire school year. You grow to connect with everybody. You aren't on the best of terms with every single person but that is anywhere you go... a workplace, an event, you will find people that you click with. But overall, you still have that kind of bond underlying... we all still live together and look out for each other.*

Noel

Anthony

### N: Anything you wish you had done while at Radnor, before you left?

**A:** *No because I think I did it all. The one thing I will say is get involved. I don't mean force yourself into a club... but rather find your place and thrive in it. Freshman/sophomore year, I wasn't in many clubs, sports wasn't my thing. Junior year, I started making music. That was my spot. I thrived and found my area. Whatever you're interested in, just go for it. Don't be scared to join a club or start a club. Being a Radnor ABC student, you are known by the teachers. You can connect with your teachers and you can get anything done. Connect with your teachers, faculty, administration, guidance office. Stay connected, network, talk to people and you can get things done.*
