a letter from the **PRESIDENT**

Greetings Friends and Radnor ABC Family!

It's hard to believe that the 2020-21 school year is already coming to an end. What a year it's been! For Radnor ABC, I think it can best be characterized as a year of courage, change and success.

Everywhere I look, I see **courage**. The courage of our school district to make the decisions that kept our schools open and our kids safe. The courage of the scholars' parents to entrust them to our care. The courage of our staff to work tirelessly to keep our scholars safe and learning. The courage of our scholars to respond positively to every change we demanded of them and the courage of all of you to support us in so many ways so that we could keep doing what we do – educating talented young people.

We all endured many **changes** throughout this year. Practically everything we used to do changed – we started wearing masks, we stopped leaving home, we worked and attended school online, we rarely saw friends and sometimes even family, we canceled events and we “pivoted.” But through it all, we were resilient. We persevered.

Despite the challenges that 2020 and 2021 brought, we can point to many **successes** this school year. In a few days, we will graduate 2 seniors who will attend Drexel University and Syracuse University with scholarships representative of their intelligence, hard work and integrity. We have 8 other scholars who have also achieved great things this year – 2 National Honor Society inductees, 3 nominees for the 2021 Union League Good Citizenship Award, 2 with parts in the RHS Spring Musical, several officers in the Black Student Union and the newly formed CoSATIDE (Council of Students Advocating for Transparency, Inclusion, Diversity, and Equity), participants in RHS baseball, basketball, crew, color guard, track & field and the Delaware County Youth Orchestra. Our scholars have regularly volunteered at the Food Pantry at Wayne Church. All of our scholars made the Honor Roll for at least 1 marking period, and I could go on. Additionally, our board, staff and a few community members have embarked on the often-time difficult work of understanding our own racial identities and becoming aware of some of the challenges our scholars face as they navigate our predominantly white community as people of color so that we can better support them.

And although we had to cancel two consecutive Spring Soirées, our biggest fundraiser, we've managed to keep the lights on and the kids fed thanks to YOU. We couldn't have done it without you, and we are counting on your continued support as we work hard to make up for our pandemic losses. In 2022, Radnor ABC turns 50 years old, and we hope to celebrate that milestone with all of you and party as though we've all been cooped up for the past 1.5 years! ;-)

Thank you for believing in the scholars and our mission. You give us the courage to keep moving forward. I can't wait to see you in the coming months!

Always,

Candyce Wilson, President
Radnor ABC Board of Directors

scholar SUMMER ACTIVITIES

Hannah and Yombo applied for and were awarded summer scholarship money from the National ABC Program – Congratulations!

Hannah: Virtual Real Estate Exchange Summer Program (REEX)

Yombo: The Mystery and Science of Human Behavior @ Wake Forest University and gymnastics

Elijah: basketball camp

Stefanie: travelling to Dominican Republic and may get a job there

Keyara: summer job

Noel: playing sports with friends

Resident Directors' UPDATE

What a change the spring season has brought!! Our scholars are back in school, in person 5 days a week, several have jumped into sports, crew, baseball, track and basketball in the fall, and we have continued to do activities together as a house. Not to mention our newly furnished deck that has been used for meetings, as a hang out spot and yes even an outdoor study hall session.

We are thriving as a house. While we were not able to keep COVID away for the year, with a winter outbreak in the house, scholars and staff

managed to bounce back and keep things moving. Now that restrictions are being lifted and the sun is shining more and more, scholars and staff are looking forward to spending more time outside with each other and with friends.

We can't believe the year is close to coming to an end as we still have so much more to do (graduation, birthday celebrations, and surprising to say but all the end of the year festivities) but we are excited to have made a challenging year special by connecting, enjoying each other's company, having late night chats, and celebrating upcoming changes!! We can't thank you enough for all the support that makes this a home away from home!

Radnor ABC Volunteer Spotlight: Brent Doane, Click Canyon

A big thank you and congratulations to our Featured Volunteer, Brent Doane!

Brent has helped the Radnor ABC program in many ways, most recently with updating and vastly improving our website. It is beautifully done and we can't thank him enough! He was kind enough to answer some questions detailing his involvement with the Radnor ABC Program:

How long have you been involved with the ABC program?

I first became involved with the ABC program in 2014 when we volunteered to design the RadnorABC.org website. Since that time, we have continued to maintain the website and just recently completed a complete redesign of the website.

What made you want to get involved and volunteer?

As a resident of Wayne, and with two boys in Radnor schools (MS and HS), I was already aware of all the great things the Radnor ABC program was doing. Back in 2014, during a conversation with Charles Oliva, it was mentioned that the program was looking to create a new website. That seemed like a great way for me to support my community through my company Click Canyon.

What message has ABC House taught you that you value the most?

The importance of opportunity and determination. When opportunity is combined with a determination to succeed, people will be able to achieve their full potential.

Deanna & Brent Doane, Click Canyon
